

Dear Parents/Carers

A Level results day – 13th August

We are pleased to advise the plans for the forthcoming results day.

Due to the current restrictions and guidance concerning groups and social distancing, we have adapted plans for this year's results. Students are invited to collect their results between 8.30 and 11.00 a.m. on the day. We will be using the main hall and the old gym and students will be asked to wait on the upper back playground until ushered to the appropriate room. Surnames A- I will be using the main hall and J – W will be using the old gym. Posters displaying information will be available on the day.

Students collecting results are asked to make their way to the upper back playground via the staff car park and around by the F6 building and are requested not to enter any other buildings. Unfortunately we are not able to encourage students to gather in groups after collecting their results.

Collection arrangements

We hope that the vast majority of the results are collected by the students themselves. However, should any students feel uncomfortable or not able to collect their results in person, other arrangements can be made.

Any envelopes not collected on the day will automatically be posted home.

Mrs Seddon can offer the facility to email results on the day. The exam results are the legal ownership of the student and they are required to give prior authorisation and request to have their results emailed. Students are therefore required to email Mrs Seddon (exams@fullbrook.surrey.sch.uk) prior to results day, giving their full name and ideally candidate exam number too.

In some circumstances, another adult can be authorised to collect the results on behalf of the student. Once again, prior authorisation for this must be provided and the nominated person will need to present identification documents on the day. Mrs Seddon will be providing guidance regarding results queries and the proposed re-sit examinations this autumn.

UCAS advice

Students who have applied for university courses will receive notification from UCAS concerning their applications. Staff from the F6 team will be available to support students with their needs on the day. This support can be provided by telephone or Zoom meetings as well as face-to-face. Students should email the F6 team to request support if they cannot be seen on site.

We sincerely hope all students obtain the results and advice from UCAS that they need on the day. There are a couple of guidance routes students need to be aware of through UCAS should changes be required.

Clearing: This facility gives students the option to approach Higher Education institutions directly for a place if they do not get the places they applied for. Students must act swiftly and be prepared to “interview” over the telephone on results day. There are many excellent opportunities available through clearing, but they go fast. UCAS will then help with transferring the application info to the university/ course the student wishes to apply to.

Adjustment: If a student does better than the courses they apply for, they have until 31st August from the day the results are published to look for a different course and still keep hold of their firm offer. However, they only have 5 days from the point at which they choose to use Adjustment, before they lose their firm choice offer.

A guidance powerpoint has been added to the F6 website explaining how to use these two systems.

Students who have chosen non-university pathways are requested to provide information about their proposed destinations. Mrs South will contact these students during September.

We look forward to seeing as many students as possible on results day and celebrating their achievements. In the meantime, we wish you all good health.

Yours sincerely

D Hayward
