

Dear Parent/Carers,

I hope your son/daughter has settled well into the new term at Fullbrook 6.

Please be advised that due to COVID 19 regulations we have needed to further review the format of the day for Fullbrook 6 students. Please read below for further details.

Year 12

Year 12 students are expected to be on site ready to learn by 8.35am on Tuesdays and Thursdays and 9am on other days of the week. This is even the case when a student does not have a timetabled class for lesson 1. Year 12 students will use the 6th form study area, which is the former Learning Resource Centre (LRC), to complete personal study if they are not in lessons.

A Level study is new to all students and it is important that the F6 team are able to support Year 12s to develop their personal study skills.

Once Year 12 students have completed their last lesson of the day they have the option of continuing their studies in the 6th form study area, which is the preferred option, or to go home and study there instead.

Year 13

Year 13 students are expected to be on site ready to learn by 8.35am on Tuesdays and Thursdays. On other days of the week Year 13 students can arrive in time for their first lesson of the day or they can arrive earlier and study in the 6th form study area, which is the former Learning Resource Centre (LRC), to complete their work if they are not in lessons.

Once Year 13 students have completed their last lesson of the day they have the option of continuing their studies in the 6th form study area, which is the preferred option, or to go home and study there instead.

All Fullbrook 6 students

From Monday 7th September the finger scanner will be back in operation. All students must use the scanner to register their arrival to Fullbrook 6 and they must also use the scanner to register that they are leaving site to go home, if this is before the regular finishing time of 3pm. Sanitiser will be provided next to the scanner and all students must use the sanitiser straight after using the finger scanner.

The exception to the above information is on **Wednesday 9th September**. On this day all Fullbrook 6 students are expected to be on site between 3-4pm for official photographs. These individual photos are important for safeguarding and there will also be tutor group photos taken too.

The above information will be reviewed every two weeks and any amendments will be communicated to you.

Thank you for your understanding.

Mr T Clouston

Director of Fullbrook 6
