Big enough to challenge, small enough to care

# What our students say:

Studying languages is unlike any other A Level. It is an opportunity to explore other cultures, your own culture, and different perspectives of the world. Oh, plus you become fluent in a foreign language!

Jeni, Y13 French

The discussions we have in class are really beneficial as they improve both my listening and speaking skills and I feel that my confidence with speaking has definitely improved.

Georgia, Y12 French

‘Más emocionante con cada paso hacia el final’

‘More exciting with each step towards the end’

Abi, Y12 Spanish

Big enough to challenge, small enough to care

# What our students say:

A Level languages is both a diverse and in-depth course, where you are able to not only develop your understanding of French or Spanish and their nuances, but also understand the cultural contexts they are rooted in. It's a different way of thinking.

The teachers are enthusiastic, helpful and knowledgeable, and can convey the course in a great way. As they are nearly all native speakers also, you can obtain a greater understanding of the language and culture which otherwise might be hard to access. Lessons are also really fun!

Amelia, Year 12 French and Spanish
